**Open Table Co-op seeks to**

- Empower progressives within and beyond the Church of the Brethren to nurture existing and new faith communities to proactively move the Church of the Brethren forward into Christ's new kin-dom.
- Energize and connect people with one another, through gatherings and conferences, sharing stories, and mutual accountability and mentorship.
- Gather individuals and communities in seeking the movement of the Divine within and among us, for celebration and action.

We're creating and continuing community in new and exciting ways, in hopes that together with the Spirit's guidance we might grow the Open Table of peace, justice, and love for all.

## Gathering around the Open Table

Individuals, congregations, community groups, and other nonprofits are welcome to define their association with Open Table Cooperative as our work, mission, and vision for the transformation of the church are relevant to them.

Join us as we work toward:

- Building a community that embodies the Church of the Brethren commitment to following the teachings of Jesus Christ by steadily, lovingly, and radically working for peace, justice, and equality.
- Encouraging diverse ways to be church through outreach and partnerships with congregations, districts, former members, and organizations inside and outside of the denomination and progressive organizations and agencies within the Church of the Brethren.
- Envisioning new ways to do decision-making through: consensus making models, full participation by youth and young adults, and calling for representation from underrepresented individuals and congregations.
- Creating avenues to leadership, including set-apart ministry, and full participation in the church from: women, lesbian, gay, bisexual, and transgender individuals, racial and ethnic diversities, youth, young adults, elders, the disabled, and those at the margins of the church.

- Caring for God's creation through encouraging environmental responsibility and sustainability.
- Actively supporting peacemaking efforts throughout the world, country, communities, and church to bring an end to violence and bring about reconciliation.
- Calling progressive Brethren to action through: task force groups within Open Table Cooperative, meetings at Church of the Brethren gatherings, and set apart gatherings.
- Fostering an environment in the Church of the Brethren where each person is treated with the attentive, compassionate respect that all children of God deserve.
